

AED Plus® Accessories and Training Products

ZOLL®

Electrodes

CPR-D-padz®

This revolutionary one-piece adult electrode ensures fast and accurate placement, then senses and reports the depth and rate of the chest compressions to the ZOLL AED Plus®. With a five-year shelf life, the CPR-D-padz electrode has the longest shelf life of any disposable electrode.

Part #8900-0800-01

Pedi-padz® II

ZOLL's unique intelligent pediatric capability is built into the AED Plus. Pedi-padz II electrodes are designed for patients under the age of 8 or under 55 pounds. The AED can sense when pediatric electrodes are attached and will switch from an adult to a pediatric ECG analysis algorithm. The Pedi-padz II electrodes have a two-year shelf life.

Part #8900-0810-01

Accessories

Everything you need to keep your AED Plus accessible and ready for use.

AED Plus Black Carry Bag

Has pockets for storing an extra set of electrodes and a sleeve of batteries.

Part #8000-0802-01
